

WorkCare

Occupational Health Services

As a leader in your organization, you work hard to make your business a success. You can't foresee or choose which external factors will impact your business. What you can do is manage the risk associated with employees to ensure you are hiring and maintaining the most qualified people to carry out your work. **WorkCare can help!**

WorkCare is the regional occupational health service for Trinity Health System, Steubenville and Trinity Hospital Twin City, Dennison.

Together, we have provided occupational health services to our communities for over 20 years.

WorkCare services are grouped into four main categories that can be customized to meet your business needs:

Screenings - Physicals & Testing
Surveillance - Monitoring & Compliance
Health - Workforce & Workplace Wellness
Treatment - Assessment & Management

Our goal is to offer healthcare in your work environment with health and wellness programs for your employees. Our qualified staff can provide a wide range of convenient, budget-friendly services to help you create a safe work environment.

We will help you build a healthy workforce and achieve compliance on regulatory issues, which will positively impact your organization's productivity and financial performance.

\$1.00 = MORE \$
for every dollar spent in worksite health promotion, there is a return of \$3.48 in reduced medical costs **and \$5.42** in reduced absenteeism.
 —American Institute of Preventive Medicine

Occupational Health Services

WorkScreenings

Physicals & Testing

Employment Screenings

Human capital is the number one asset of any organization. Hiring the right people to do the job is essential to your success. Pre-employment screenings can provide vital information for decisions made within the hiring process.

WorkCare Provides:

- Pre-employment Physicals
- Certified Department of Transportation (DOT) Physicals
- OSHA-mandated Physicals
- Drug & Alcohol Testing
- Audiology Testing
- Respiratory Testing
- Vision Testing

1.5X
the annual salary of the position = the average cost of replacing an employee.
—Rutgers University

WorkSurveillance

Monitoring & Compliance

Medical Surveillance, Health Monitoring, & Regulatory Compliance

Investing in the health and safety of your workforce, and making it a focus of daily operations, is the best way to prevent costs associated with loss. Providing a safe workplace environment is not only critical to the health of your employees, it also impacts the success of your business, and it is the law.

WorkCare Provides:

- Random Sampling for Drug & Alcohol Testing
- Medical Review Officer Services
- Fit Testing
- Pulmonary Function Testing
- Bloodborne Pathogens, CPR, First Aid & AED Training
- Ergonomics

\$170 Billion
yearly business cost associated with occupational injuries and illnesses.
—U.S. Dept. of Labor

WorkHealth

Workforce & Workplace Wellness

Healthy Workplace, Employee Health and Wellness & Health Maintenance

Rising health insurance costs, loss of work time, and the need for maximum efficiency can all impact your company's bottom line. In addition to these issues, employers are increasingly concerned with workplace presenteeism. Employees may show up to work, but are they working at their most optimal level? Stress, health, and family concerns play an important role in an employee's productivity.

WorkCare Provides:

- Lab Screenings
- Vaccines
- BMI & % of Body Fat Screenings
- Health Risk Assessments
- Health Education Programs
- Employee Assistance Program

87.5%
of healthcare claims are due to an individual's personal lifestyle.
—Indiana University-Purdue University, Fort Wayne (IPFW)

WorkTreatment

Assessment & Management

Injury Prevention, Treatment of Injury & BWC Claims

Successful business leaders like you do all you can to prevent staff injuries. If an adverse event does occur, partnering with a healthcare provider to manage the care of an injured worker can result in timely filing of the incident, quick treatment of the injury, safe implementation of a recovery program and quick return to work.

WorkCare Provides:

- First Report of Injury
- Post Accident Follow-up & Treatment Plan
- Physical Therapy
- Fitness for Duty
- Return to Work

8 Days
the average number of lost working days for private industry non-fatal injuries and illness.
—U.S. Dept. of Labor
